<b>GUIDANCE</b>
-----------------

**BDDS:**

BDDS provides services and supports to individuals with intellectual and developmental disabilities. Under I.C. 12-7-2-61, individuals with a qualifying diagnosis are eligible for services.

To apply for services, an application, collateral information, and the Confirmation of Diagnosis (COD) must be submitted to the local BDDS office.

After review, the PO will be contacted regarding eligibility for services.

**WAIVERS FOR SERVICES:**

There are two waivers eligible applicants may receive:

**Home and Community Based Services Waiver(s) (HCBS)**

The Family Support Waiver provides a range of services and supports. There is a waitlist for this waiver, making it very important to submit an application if your youth may be eligible for services as soon as possible.

The Community Integration and Habilitation Waiver (CIH) is a needs based waiver available to those who meet very specific criteria.

The Supervised Group Living (SGL) is commonly referred to as group homes. This service provides 24/7 supervision and support. *\*It is important to note SGL is mutually exclusive of the HCBS Waivers.*
